MEETING SYNOPSIS			
<p>Discussed: all of the items (spool, bushings, and shocks) have arrived except for the sheet metal; will be delivering the bushings to Lars tomorrow (11/17); Raio is redesigning the bracket so that the shock will fit and he is performing a force-warping analysis on the bracket (to ensure that the brackets can withstand multiple tests); need to make sure the test plan accounts for safety situations and procedures.</p>
